Dear Sir:

The purpose of this correspondence is to request that the above identified application be assigned to customer number 26790.

As set forth in the attached copy of the recorded assignment (Appendix A), the applicants in the above-identified patent application have assigned their rights to Sharp Laboratories of America, Inc. (as recorded at Reel 011249, Frame 0698).

As set forth in the attached copy of the February 5, 2002 letter from David Ripma (Patent Counsel for Sharp Laboratories of America) to Thomas C. Sand (Appendix B), all patent prosecution files for Sharp Laboratories of America have been transferred from Miller Nash to the Law Office of Karen Dana Oster, LLC. The transfer is confirmed in the attached Client/Matter Records Index (Appendix C).

Most of the matters for Sharp Laboratories of America being handled by Miller Nash were properly assigned to customer number 26790. As customer number 26790 was transferred to the Law Office of Karen Dana Oster, LLC, these matters were properly transferred. However, the above identified patent application was filed without being specifically assigned to customer number 26790 (although correspondence address was the same). Accordingly, the above identified application has not been transferred to me.

As I am the original prosecuting attorney and all files have been transferred to me at the instructions of the assignee of the above identified patent application, I respectfully request that the above identified application be assigned to customer number 26790.

As set forth in the accompanying Fee Transmittal, any fee required may be charged to deposit account 50-2115.

Respectfully submitted,

Karen Dana Oster
